

# 3D Laser Foam Cube Measurement System

## Features

- Simultaneous measurement of 3 axes (X, Y, Z)
- Laser accuracy
- Simple push button operation
- Push button zeroing
- Adjustable laser positions for centering on foam cube
- Data logging with time stamps
- Operator interface display

## Specifications

Capacity.....	8" x 8" x 4"
X-Axis Max Range.....	9.84 in.
Y-Axis Max Range.....	9.84 in.
Z-Axis Max Range.....	7.87 in.
Laser Resolution, static.....	40 um
Light Source.....	1mW, 670 nm
Safety.....	Class 2
Operating Temp.....	0-55 C
